### **Session Description**

Today's customers expect companies to accommodate their preferred communication channels and provide seamless interaction – but multi-channel service excellence can be an elusive goal. Learn ways to create a cohesive customer experience while delivering cost savings through channel optimization, loyalty and retention. Explore a business case tool that factors in over 1,000 variables to determine the right mix of channels and tactics. Leave this session prepared to create a cohesive enterprise view of the customer experience and a customer-centric contact center that delivers real ROI!

### **Speaker Background**

**Mary Cook** is Varolii's Call Center Industry Practice Manager. She helps customers further define their enterprise multi channel communication strategies– and her area of expertise is within the call center. Mrs. Cook has more than 17 years of contact center experience including managing inbound and outbound global operations across a variety of industries. Starting her career within call center operations like Xerox and FTD, Mary moved into the BPO Industry working for global companies like iQor, and eventually became a call center industry consultant. Mary has helped companies across all industries develop and execute their call center strategies. Mary is widely published and is a sought after speaker for ICMI and Contact Center events. An avid social networker, you can find her on LinkedIn and Twitter (CallCenterDr).

### Understand your Current Customer Experience

**Surveys**

- 82% of guests bring cell phones with them to Orlando.
- 50% of guests intentionally visited travel blogs about the park prior to coming
- 62% of guest said park lacked proactive communication during their planning process – in particular via the website and the call center
- Only 44% of those who made their reservations online rated their booking experience as excellent
- 40% of those who book online make calls to the call center to plan for at least some aspect of their trip.
- Average Consumer views website 4 times prior to calling call center
- 29% of guests were from outside the USA
- 31% of those who use the Internet while in Orlando used it to check show times and operating hours
- 63% of survey respondents said that their children are significant influencers in the choice of vacation destinations and theme parks

## Understand your Current Customers and their Priorities 2

### Segmentation

**All-Inclusive Pre-Planners**

- Pre-planned all-inclusive vacationers, seeking variety of activities
- Involved in team sports
- Visit theme parks and spas
- Children influence vacation decisions
- Prefer mail, website, and email communications

**Young at Heart**

- Active, thrill-seeking, escapists who enjoy rides and feeling like a kid again
- Facebook users
- Prefer mobile and web based communication
- Take many and wide variety of vacations
- Influenced by TV/Magazine ads
- Use travel books

**Evening Entertainment**

- Spontaneous weekenders, seek adult fun like shows and nighttime entertainment
- Prefer lower-key daytime activities like golf and fishing
- Prefer communication spread across all media types

**Luxury Seekers**

- Full-service resort goers, willing to pay for convenience and good service
- Prefer high-end vacations such as skiing, spas, and gambling
- Prefer phone and email communications
- Influenced by magazine ads and spots woven into television shows

**Budget Conscious**

- Budget travelers, seeking familiarity and family time
- Heaviest TV watchers
- Less involved in online activities
- Prefer mail and voice communications
- Children influence vacation decisions

## Understand your Current Customers and their Priorities 2

### Detail of Pre Planner Segment

**Primary needs**

- Logistics are key**
  - Pay advance for everything (transportation, lodging, food and tickets)
  - Halt down itinerary in advance, and prefer resort hotel close to theme park
- Entertainment**
  - Adventurous, with forethought, something they've never tried before
- Price**
  - Prefer bundled pricing, even if elements are not discounted

**Communication Preferences**

- Multi Channel and Personalization is key**
  - Communication specific to their brand interests
  - Website, Email, and Mobility

**Vacation behaviors**

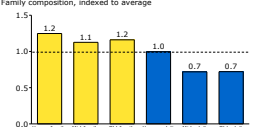

- Prefer weeklong trips over weekend getaways
- Other vacation options: Kid's sports tournaments, competing theme park

**Key characteristics**

- Children influence vacation decisions
- Susceptible to mail promotions
- Involved in team sports

Key metrics	
% of market unique/attendance/revenue	23%/17%/16%
Theme park frequency	Orlando Every 2.6 years Regional Every 2.7 years
Average Orlando length of stay	4.4 days
% who have visited... (DU5/P1)	Theme Park A: 28%/66% Theme Park B: 45%/63%
Preference (most equal 100%)	Theme Park A: 36% Theme Park B: 64%
Net Promoter Score	Theme Park A: 48% Theme Park B: 52%

Family composition, indexed to average

## Multi-Channel Strategy Planning Process

Map Segments and Applications to Media

### Communication Channels

- What communication channels am I currently using to speak to my customers?
- What channels do my customers want to communicate across?
- What conversations can we automate and / or supplement with multi-channel options?

### Conversations Managed

- How many and what type of conversations are we having?
- To whom (segments and personas) are we speaking?
- What kind of conversations should we be having?
- What conversations do our customers want?

CONFIDENTIAL • Internal Corporation • All Rights Reserved

### Channel Optimization

Addressing the Call Center Business Pains

- How can we reduce operating expenses?**
  - Agent compression
    - Inbound call deflection
    - Reduction in outbound calls
    - Channel swapping
- How can we add incremental business value...build our brand?**
  - Increase customers (acquisition)
  - Reduce customer churn (retention)
  - Increase dollars collected (collections)
- How can we enhance our customer experience?**
  - Cross channel communications - mobility
  - Improved reach rates
